DINNER

Dinner is the big meal of the day and the time everyone gets back together to enjoy each other's company and share the stories of the day. We will need you to select 6 entrees from the list below, 3 from tier 1 and 3 from tier 2. We also have some unique and more extravagant selections in tier 3, there is an up charge for these meals.

We like to serve dinner by 7:00 each night, any later than that makes it a very long day for the staff. We can be flexible in this area within reason.

Dinners will normally be accompanied by a salad, vegetable, and starch. These will be the chef's choice, but we will discuss the next day's menu with you each night to finalize the time and side options.

Vegetarians and other dietary needs will always find something they can eat at Rising Wolf. ***Please let us know when you are making your menu choices if you have special food needs.*** We cannot provide an entirely separate menu for 1 or 2 people, but we will make sure there are things everyone can eat every night. There are some vegetarian friendly choices which are meatless or can easily have the meat withheld from a portion. We will work with you to make sure any special dietary needs are met.
